2 Tick what we learned

Read each line together and tick it when your child can tell you about it.

3 I practised it this week

No right or wrong answers. Colour the stars together at bedtime and praise the effort, not just the result.

4 Draw it!

Any picture is a good answer. Ask your child to tell you about it, and write their words under the drawing.

Try this at home

Watch one part of the lesson with a parent or teacher, then pause. Invite your child to describe or demonstrate what they noticed. Repeat a small section when needed, and ask a qualified teacher to guide prayer practice and answer questions. Learning to pray is one of the biggest steps a young Muslim takes. In this episode Mohid and Layla practise every part of the prayer with their family, so your child can watch, copy and then try it at home.
